

INSPIRED

Individuality. Each client is special, with unique personalities and specific preferences. Majestic Care will take these factors into consideration when matching CHHA availability.

Nursing Services are a 24/7 commitment. An on-call staffer will always be available to address concerns related to your care.

Safety & Security of our clients is our priority. Majestic Care conducts employment screening on all applicants prior to employment, which includes verification of references, criminal history background check and physical examination. All employees are bonded, insured and supervised.

Participation of family caregivers and clients in creating their customized Plan of Care with their RN provider is encouraged.

Integrity: A & J Majestic Care is Licensed, Registered, Insured and Bonded. All CHHAs and RNs are experienced and skilled in our areas of focus (ex Alzheimer's, dementia, stroke, etc.)

Responsibility and Respect for our clients. Employees receive competency and performance training for their roles and responsibilities. All CHHAs are supervised by an RN.

Educational Services for our clients, family caregivers and community. We strive to reach out via social media and our in-services, to educate the community we serve.

Diversity: in the population we serve, by offering a variety of programs and payment options. We believe health care is universal. Private Pay and Insurance are accepted.

Informed Clients and Family Caregivers Can Make Better, Educated Decisions

We are a home care provider inspired to care the **majestic way** for recovering disabled adults and seniors; We believe each client deserves a holistic approach that restores and maintains their physical, mental, emotional, and spiritual health.

Majestic Care Nurses are committed to quality care. Our Registered Nurses perform initial assessments, delegate responsibilities, and make periodic visits to monitor progress and client satisfaction. RNs also design each client's individual plan of care, and supervise personal and assisted services provided by the **Certified Homemaker-Home Health Aide**. The **CHHA** assists RNs by providing personal care and homemaker services.
